5	Fiddle DI	15		23
6	Fiddle MIC	16		24
7	VOX Elgitarr (Jonas)	17		
8	L. VOX (Emelie)	18		

-----General-----

FOH will be provided with two labeled xlr snakes, numbered 1-12 with the specified sources. We do our own monitor mix, and have a separate monitor mix drum miking for our rig.

--- Requests for hardware from Venue ---

- Relevant PA for the venue.
- 1 talkback mic feed (xlr) from FOH for input into our IEM rig
- In case of music festival - Bass amplifier and drum kit after coordination with the band.
- Relevant mic stands and mics for the drum kit (request for drum riser 3x3 if possible). We bring separate drum mics for our IEM rig that won't be provided to FOH on our snake.

- 6 boom stands of good quality for vocal use. (Slide and fiddle needs two separate boom stands)
- 5 230v power strips with at least 3 outlets (position specified in the stage plot).
- Stool or chair without armrests for steel playing.

--- Arrival/Get in ---

We need about 45 min to 60 minutes of setup time before soundcheck, depending on whether the drum kit is in place or not.

--- Soundcheck ---

We need about 40 min of soundcheck.
